HARD SKILLS

HTML5 • CSS3 • Angular • Javascript • Typescript • Node.js • Express.js • .NET • MySQL • PostgreSQL • REST API • Jest • Sass • Docker • Jenkins • CI/CD • GitHub • Google API • Jira • Confluence • Cloudflare • Testcontainers

SOFT SKILLS

Analytical thinking, systematic problem-solving & attention to detail

Self-responsibility & willingness to learn

Team orientation, clear communication & thorough documentation

LANGUAGES

German - Native
English - C1

Profile

I am a dedicated software developer with experience in building modern full-stack web applications. The daily challenge of solving complex problems, guided by principles such as Clean Code and Clean Architecture, confirms to me every day that I made the right career choice. The combination of teamwork and personal responsibility drives me to grow with every task and improve continuously. I am currently seeking a permanent position where I can contribute my full-stack experience within a professional team and develop further.

Experience

Freelancer - Self-employed 01/2024 - present
Remote

- Development of a support-ticket and rating management system (Node.js, Docker, PostgreSQL, Cloudflare)
- Conception, design and implementation of a booking platform for taxi services (Angular, Node.js, Google API)
- Automation of deployments and tests using Jenkins, Docker, Jest and Testcontainers
- Conception, design and implementation of an art platform and gallery (Angular, Node.js, PostgreSQL, Cloudflare)
- Thorough documentation, Jira tickets, ~ 8 months development time per project
  (publicly accessible on GitHub)

Junior Software Developer 07/2022 - 12/2023
Evolit Consulting GmbH, Vienna | Hybrid

- Co-development of a system for terminal processes in logistics (Angular, .NET, MySQL)
- Implementation of customisable satellite imagery for external storage areas (Leaflet)
- Supporting the team through code reviews, quality assurance and testing

Education

Bachelor of Science - Computer Science (Full-time)
09/2020 - 06/2023 | UAS Technikum Vienna

- Specialisation: Software Architecture (5 ECTS, Sem. 3)
- Specialisation: App Development (5 ECTS, Sem. 4)

Angular Developer Certificate (Mid-Level)
in progress | https://certificates.dev/angular
